## Rosing Displeased With Proposed County Law On Building Construction

### Says Fees Too High But, Zoning-Building Law Is Needed

Township Supervisor William Rosing said yesterday that he expects the newly proposed building ordinance for Lake county to come before the county board at its October meeting, but he expects it to be turned down at that time.

"We need a building ordinance, but we don't need the Chicago kind," said Rosing, who explained that the law called for such minute inspection that the fee would run as high as \$125 for a single dwelling.

The supervisor said that he would consult builders and dealers in building supplies before he voted on the ordinance so that he might become fully acquainted with the needs of Antioch township.

Rosing said too, that a public hearing will be necessary in every township in Lake county before the ordinance is put into effect.

Trailer camps are the biggest problem for the supervisors in preparing the ordinance which also involves zoning. The trailers already are constructed so it will be a matter of both equipment, space and sanitation in dealing with them.

Some of the supervisors believe that a new state law is necessary to deal with trailer camps.

## Fred Mees, Aged 89, Resident of Channel Lake, Buried in Chicago

Fred Mees, 89, for 15 years a resident of Channel lake, died Monday, Sept. 3 and the funeral service was held the following Wednesday in Chicago. Mr. Mees had been hospitalized for the last four years.

Famous as an actor in his early years, but operating a bookbinding establishment in Chicago later in life, Mr. Mees came to Channel lake upon retirement 15 years ago. He previously spent his summers at the lake and liked the community so well that he established his home there.

Mrs. John Robbins, of Chicago, a daughter, made her home with him for five years and she and her children are well known in Antioch. Mrs. Mees, wife of the deceased, died last January.

Surviving besides Mrs. Robbins are another daughter, Mrs. Joseph Rose of Del Ray, Fla., and a son, Herman Mees, who operates his father's book bindery.

## Student Council Holds First Meeting, Plans Post Game Dance Friday

The Student council of the Antioch Township High school held its first meeting Tuesday morning in planning for events of the immediate future.

A dance following the Willmot-Antioch football game tomorrow evening in the school auditorium is planned.

William Paulsen is president of the council and Loraine Steinel, secretary. Senior members are Gail Dietrick, Lois Lonergan, and Arnold Peters; Junior members are Carol Loftus, Bob Seekatz, and Bruce Stahmer; Sophomore members are Gail Pedersen, Barbara Cayce, and Philip Vos; and Freshman members are yet to be selected. Mrs. Jeanette Tulumello is the faculty representative.

Miss Narcissus Donovan, faculty member, supervised tryouts for cheer leaders conducted by the Pep club.

Miss Iris McKinney is supervising the selection of a staff to issue a school newspaper. The name of the paper has not been selected.

## Cub Scouts Organize; Den Mothers Needed

The Antioch cub scouts are now organizing for the year's activities, Cub Master C. J. Cermak announced.

Cermak said that den mothers are needed and he is hoping that women will respond. The work, he said, is interesting and rewarding in helping the boys aged 8 to 11 to have worthwhile interests.

Some Den Dads are also needed, he said. Volunteers are asked to call Mr. Cermak at Antioch 188.

## Two Men, One Woman Rescued When Sailboat Overturns at L. Marie

Two men and a woman were rescued from the waters of Lake Marie Tuesday night after their sail boat overturned when hit by a sudden gust of wind.

They were brought to shore by the Antioch Rescue squad and were little the worse off for their experience.

Stanley Guzik, who with John Sefick own the Lake Marie resort, formerly Depner's, said that he saw a flashlight wig-wagging about 500 feet from shore in front of his place, and thinking guests were wanting their bearings, turned on the garden lights and then the searchlight. The flood light revealed the people in the water and he immediately called the Antioch Rescue squad.

The three persons were but 50 feet from shore, having been carried there by the boat which continued to float, when the squad arrived and pulled them in. They refused hot coffee saying they were feeling fine.

All three had life belts and as the water was warm, they were in no great danger.

Their names were not learned by Guzik who said he thought they were staying on the bluff side of the lake.

## Powles Transferred to Maxwell Air Base for Specialized Training

Lt. Col. Laurel D. Powles, Antioch village clerk called to service as a reserve officer in the air force, has been transferred from Tinker field, Oklahoma City, Okla. to Maxwell Air Base, Montgomery, Ala. for specialized training.

Col. Powles will be training through the logistic staff officers course for 3½ months after which time he expects to be sent abroad and thinks he will be stationed in Germany.

Mrs. Powles and daughter were with him this summer at Oklahoma City, but returned the latter part of August to Antioch. He began his training at Maxwell field Sept. 4.

Through his experience in World War II Powles has become valuable as an executive and should be in line for advancement after he finishes his present training.

## Senator W. E. Jenner, Indiana, Will Address G.O.P. Women, Sept. 27

Sen. William E. Jenner of Indiana, who recently proposed to the senate that they refuse to agree to a peace treaty with Japan unless the treaty repudiate the Yalta agreement, will be the guest speaker at a GOP rally luncheon on Thursday, Sept. 27 at the Chevy Chase Club, Wheeling. Many other Republicans prominent in government will be in attendance. Senator Jenner has been vigorous in his opposition to political activities of federal officials on federal time and money and has asked a senate investigation into such activities.

The senator is a member of the senate committee on rules and administration and a member of the senate committee on judiciary. During the 82nd congress as a member of that committee, he was made a member of the subcommittee on internal security and in the course of this committee's activities he has joined in the questioning of former and present members of the Communist party in an effort to seek out those who would overthrow the American government.

The Women's Republican Club of the 13th Congressional District is sponsoring this rally and any interested person is invited to attend. Mrs. Wesley M. Dixon, Lake Forest, newly appointed State Central Committee woman is the Lake County chairman of the club.

Mrs. William Ward of Waukegan is ticket chairman for Lake County. Reservations may be made by contacting any of the following ticket chairmen and their committees in your own community. Mrs. Fred Swanson, Antioch - telephone Antioch 89-J; Mrs. W.W. Warriner, Antioch 40; Mrs. Daniel S. Boyer - Lake Villa 6-3854. Mrs. Roland Lueder is ticket chairman in Waukegan. Telephone Waukegan 8-1281.

The following Libertyville and Mundelein women will make reservations for you: Mrs. P.E. Thompson, Waukegan 5121; Mrs. Wm. Marks, Libertyville 2-7690; Mrs. Glen Lloyd, Libertyville 2-1495.

Miss Marilyn Bushing daughter of Mr. and Mrs. Ray Bushing left Thursday for Valparaiso, Indiana, where she will attend the Valparaiso University.

## VonHolwede Resigns As Music Instructor In Antioch Schools

### Will Work With Hammond Electric Organ Co. at Elgin, Ill.

Hans Von Holwede, teacher of music in the Antioch public schools for the last 22 years, formally tendered his resignation to the Antioch Township High school board of education last evening after having acted similarly with the grade school board as a teacher in that school. He will end his duties, Oct. 1.

Mr. Von Holwede has accepted a position as director of studies and sales activities for the Hammond Electric Organ Co. and will be stationed in Elgin, Ill. His territory will include parts of Kane, Lake, Cook, McHenry and Dupage counties.

Word of his pending resignation has spread through the community during the past week and on every occasion regret has been expressed that he and his family will be taken from the community.

Mr. Von Holwede is the Antioch school so far as music has been concerned. Hundreds of high school students and grade school pupils, many a second generation, have come under his teaching.

He has played the wedding march for scores of graduates of the high school, his promise having been a standing one that he would play for the wedding of any of his pupils. His orchestras, especially the Pop concert orchestra, and his choruses have been outstanding.

Not only will Mr. Von Holwede be missed by the school but by other organizations in this community as well. He gave of his talent unstintingly to the women's clubs, the Lions club, and the churches.

He is an artist as well as teacher. Under the professional name of Harry Vaughn he plays the organ at a Crystal Lake supper club, and previously played at the Peacock Supper Club on Skokie Highway near Gurnee.

Mr. Von Holwede was chosen from four applicants for position because of his qualifications both as an organist and as a teacher. His new work will involve demonstrative recitals, and teaching the use of the electric organ, an instrument he is thoroughly familiar with.

Mr. Holwede said he is reluctant to leave Antioch which he considers his home, but that the new work gives him greater opportunity.

Principal R. C. Edmundson of the high school and Richard Whitacre of the grade school both said they are reluctant to see Mr. Von Holwede leave, for it will be difficult to find anyone who can take the same place that he does in the community.

They will have opportunity, however, to name a successor from among four applicants.

The class of 1949 of the high school dedicated its annual to him for his record of perfect attendance in his 20 years of teaching. Since then he has added two more years to the record.

## Institute of Design Sets Sept. 20-21 for Entrance

Undergraduate day registration at the Institute of Design of Illinois Institute of Technology, 632 North Dearborn, will be held Thursday and Friday, Sept. 20 and 21.

The Institute of Design, which became a degree-granting department of Illinois Tech in 1949, offers degrees in product design, visual design, and photography and film.

Courses are available in such fields as sculpture, lettering, art history, music, life drawing, typography and film history. The Institute also offers a wide program of evening courses.

Help Truth Fight Communism

## Frank Lux Secretary Coast Guard Auxiliary

Flotilla 21-06, United States Coast Guard auxiliary, chose Joe Armondo, Fox Lake as its commander in an election held last Saturday in that village.

Frank Lux of 1110 Bishop st., Antioch was named secretary. Other officers are Michael Krammer, vice commander; Joe Janouch, training officer; Frank Gille, treasurer and patrol officer; and Edwin Kreutz, chief of deputies.

This group of men numbering approximately 70, organized two years ago to devote their time and effort to maintaining safety and courtesy on the Chain of Lakes.

Persons wishing to become members are invited by Commander Armondo to get in touch with any one of the officers for information.

## Barrington Garden Club Invites Antioch Women To "Day in the Country"

The Garden Club of Barrington, on Saturday, Sept. 15, will welcome all who wish to come, to "A Day in the Country," at the home of Mr. and Mrs. Lawrence G. Hallberg, from 10:30 a.m. to 5 p.m.

"Hilltop," the Hallberg home and the meeting and setting for the project, is located exactly 1½ miles southwest of the corner of Main and Hough Streets, on Routes 59 and 63. It is one of the loveliest places in the Barrington Country-side, with a garden leading to the shore of the lake. There will be table and flower arrangements in the house itself.

Marshall Field & Co. will provide a fashion show entitled, "Fashion of the Hour on the Hour," showings being held at 11, 12, 2, 3, and 4 o'clock. Models will walk down a runway extending almost the full length of the rolling lawn from the boathouse to the driveway. They will show selections ranging from inexpensive everyday models to special occasion dresses taken from the collections of leading fashion designers both in this country and in France, England and Italy. There will be included some costumes for College and Junior Miss wardrobes.

A country store will offer a great variety of thing for sale, ranging from home made candies, cakes and cookies to the entire fall sale of the Vocational Society for Shut-Ins. This will include their hand made children's thing and Christmas toys.

In case of rain, there is an attraction alternative, the new County-side school on County Line road. Completed less than a year ago, it is a wonderful example of the progress made in modern school buildings, and will lend itself admirably to a project of this kind.

In either case, guests are urged to bring a lunch basket or a sandwich. They will be able to buy ice cream, doughnuts and coffee to go with it. There will be an admission fee.

## Variety of Weather

Antioch is having a wide variety of weather this week. From cool weather of last week the temperature rose to the 90's yesterday and then cooled off with a rain and a cold wave that is expected to drop the mercury into the 40's in a few hours.

Mr. and Mrs. Nathan Belser and son Bobbie of Lake Villa vacationed the past week at Nauvoo, Illinois, a historic old town located on the Mississippi river.

## Republican Picnic at Murphy's Park Sunday Lead-off of Campaign

### Senator Nixon, Congresswoman Church, Others Will Speak

The 1952 political warfare will get off to a flying start Sunday at the annual picnic of the Lake County Republican Central Committee slated for Pat Murphy's Picnic Park, Grand Avenue, a quarter of a mile east of Route 45.

Keynote of the gathering will be given by U.S. Senator Richard Nixon of California, one of the brightest names in the present Congress.

A former Republican Representative, Senator Nixon was elected to the Senate in 1950 soundly defeating Congresswoman Helen Gahagan Douglas.

Sharing the speakers' platform with the principal speaker will be Marguerite Stitt Church, Congresswoman from the 13th Congressional District; State Treasurer William G. Stratton, Superintendent of Public Instruction Vernon L. Nickell, and political and civic leaders from Lake County and neighboring counties.

A full program of activities and entertainment has been scheduled by Charles C. Hoskins, Chairman of the Lake County Central Committee, and the special picnic committee with whom he has been working on the picnic.

Activities are slated to get underway at 12:00 o'clock p.m. with the first of two outstanding girls' softball games followed by a full afternoon of races and contests for all age groups under the direction of Walter (Whitey) Budrun, Assistant Director of the Waukegan Playground and Recreation Board.

Pony rides for the youngsters, concession stands and prizes are among the attractions listed for those attending.

## Prison Chaplain Tells Antioch Lions Club of Grip of Dope on Youth

No high school is free from the danger of dope users, the Rev. Louis King, chaplain of Bridewell House of Correction, Chicago, told members of the Antioch Lions club at their dinner meeting Monday evening at Linder's.

Parents were told to watch their children and if they see them appearing dopey, yawning excessively, investigation should be made at once.

Most cases of dope users involve marijuana, but from that type of dope the youngster soon passes to the stronger drugs and the use of the needle. Then he is lost. Craving for the dope causes a person to lose all self respect and he will lie, steal, and even murder his own relatives to get money to satisfy his cravings for the drug, he said.

Chaplain King has seen 2,300 prisoners leave Bridewell in his three years of service there and only three have returned for the same offense.

Juvenile delinquency is mainly a problem for parents. The parent who watches and trains his child from the start rarely needs to worry later.

The Lions got together again yesterday afternoon in a golf tournament at the Fox Lake Country club followed by a dinner. Seventy-five dollars worth of prizes were awarded. The committee in charge comprised Ed Jacobs, George Wagner, and Irving Carey.

## Ruby Krieger Completes Basic AF Indoctration At Lackland Air Base

Pvt. Ruby Krieger, 18, daughter of Mr. and Mrs. D. Krieger, Rt. 2, Kenosha, Wis., has completed her AF basic indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the world's largest air force base, site of Air Force basic training for men and women, headquarters of the Human Resources Research Center, and home of AF's Officer Candidate School.

Her basic training has prepared her for entrance into Air Force technical training and for assignment in specialized work. The course included a scientific evaluation of her aptitude and inclination for following a particular vocation and career.

## Kessenich Says Some Antioch Players Don't Know Play Assignments

On the eve of the opening football game of Antioch Township High school with Willmot High here Friday evening, Coach Paul Kessenich expressed his disappointment that some of his players do not yet know their play assignments.

"I'm hoping that the boys will make a good game but they can't unless they get busy and learn their assignments," he said.

The coach said that some of the boys know their assignments and are doing a good job, but that others are not.

The team will be without the services of Boake Baird, left half back who dislocated his shoulder in practice this week and will not be able to play for 10 days. Coach Kessenich hopes he will be ready for the first conference game the following week with Bensenville here.

Kessenich said he would use the platform system, taking Weber and Nelson out on defensive plays. Louis Place will replace Webber at quarterback and Jack Osmond will be used in the place of Nelson at center while the Sequoias are on the defensive.

The starting lineup will be Nelson, center; Kennedy, left guard; Peter, right guard; Paulson, left tackle; Bachman right tackle; Lubkeman left end; Clark, right end; Webber, center; Jones, left half; Scully, right half; and Larsen, fullback.

## Cattle, Hog, and Sheep Raising Is Profitable Expert Tells Farmers

Antioch township livestock raisers attending the livestock outlook meeting at Grayslake Saturday evening that meat prices will remain at near ceiling prices because of the immense consumer buying power.

George Whitman, agriculture economist from the Illinois College of Agriculture, said that labor because of its heavy vote will prevent the lifting of ceiling prices next year, and election year.

P. L. Yarling and L. Sparks, the former a hog salesman, and the latter a cattle salesman of the Chicago Producers association, discussed the future.

## CALLS MARKET GOOD

Sparks said the cattle market is very good, and that beef is bringing \$5 to \$6 more per hundred than last year at this time. He said however, that farmers are having to pay the same increase for their feeder cattle as for fat cattle, and that the safest procedure is to feed calves between 400 and 600 pounds.

The Chicago salesman asked the large audience how many had ever lost money feeding calves and when there was no show of hands he remarked that the same situation exists everywhere in Illinois; that no one loses money feeding calves.

He said that the total feed supply is little less than last year, but that the supply of protein feed is somewhat larger, including cottonseed meal.

Sheep and lamb production is at an all time low, Sparks said, and the supply is the smallest on record. He said that this is a good time to feed lambs.

## HOG PRICES LOWER

Yarling said hog prices are low. (Continued on page 6)

## WANTED—A GENIUS

A few years ago the people of England were sold the idea that government was a far more efficient manager of industrial enterprise than private citizens. Since then, England has become a socialized state and the theory of the superiority of the state as a producer within the framework of democratic government has been put to the acid test. The result has been tragically disillusioning. In the words of Bernard Harris, writing in The Sunday Express, London, England, "Socialization has failed. . . because the genius who might make it work can't be found."

The people of England are discovering that governments are run by ordinary men with no greater capacities for pulling rabbits out of hats than the rest of us. They have also found that as a producer, government is utterly incompetent measured by the standards of free enterprise.

All through the ranks of socialized British industry the story is the same—deterioration. According to The Express, coal now costs between two and three times as much as it did before the war. It is of poorer quality. Even with higher prices coal production is falling and the industry is running at a loss. State transport finished the year with a heavy deficit and poor service. The state directors of the gas and electric industries are in trouble too. They forecast

higher charges and power cuts that will go for years. They complain of the high ash content in the coal and charge their neighbor, the government-run railroad, with profiteering. The nationalized airline and cable industries are no better off. Deficits and poor service apparently plague virtually every commercial activity in which the government has become involved—with taxpayers and consumers footing the bill.

"It is one of the defects of socialization," concludes The Express, "that you can't always give the important jobs to the men best fitted by experience for them. The waiting queue is always a long one, and too often men have to be selected for reasons other than competence." Even if the genius could be found who might make socialism work, it would be most unlikely that he would get the job.

## THE LOW DOWN FROM HICKORY GROVE

Simple things and how to make 'em complicated, that is the mode of the day. If it is simple and something the people can savvy easy, like if you save a little chunk from your paycheck each week you will pile up an appealing little nest egg for a wet or gloomy day, then you are all wet yourself—old fashioned. That is too simple. With such simplicity you wouldn't need a 4 story building a block long and a block wide—like there are a dozen of same lining the Potomac—and in which a 200,000 swivel chairs make living comfortable for 200,000 appointees. So to make it look like the boys and girls there are earning their salt—or even a part of same—things must be gummed up, made complicated and then solved by the bright swivel chair crew.

Samples of useless tomfoolery like over in the Pentagon, where the paper says, the floors were slippery, so what do they do versus just removing the wax. They make a survey. It is indulged in by the General Services Administration, Department of Building Management, the Bureau of Standards division of Research and Development. They build a machine—a "Slipperiness tester." After weeks of testing, the device indicated that it was not slipperiness in the first place, it was just people not looking in the direction they were headed. So the 10 point answer the Survey Team came up with included "Face in the direction you are walking."

Now folks, do you catch on to why the income tax man keeps on pestering you.

Yours with the low down,  
JO SERRA

## WILMOT

The Union Free High School opened Sept. 4, with an enrollment of 330 pupils and the following are the teaching staff: Mr. Malcolm Albby, Mathematics; Mr. Henrich Hudson, Science; Mr. Frank Bucci, Coach; Mr. Chester Knight, Agriculture; Mr. Enoch Brice, History; Mr. Lawrence Stein, Commercial; Mr. Angelo LaValle, Music; Mrs. Ruth Miller, Home Ec.; Miss Beatrice Mallari, English; Mr. Henry Frank, Commercial; Miss Bills (Nancy) English, Librarian; Marilyn Meister, Social Science; Mary Benowski, English and Spanish.

## LAKE VILLA

Rev. Harrison and family have returned from a pleasant vacation trip to Texas and Oklahoma and he conducted the services at the Community Church on Sunday morning.

The Woman's Society of Christian Service will meet at the church on Wednesday afternoon, Sept. 19 for regular meeting and visitors are very welcome.

Mrs. Howard Johnson of Oak Knoll Drive is confined to her home for several days following surgery last Saturday.

Mr. and Mrs. W. V. Kennedy and daughter of Chicago visited Mrs. Kennedy's sister, Mrs. Stelle Pedersen of Oak Knoll Drive last Wednesday and on Tuesday her brother and wife, Mr. and Mrs. Frank Matthe's also of Chicago spent the day with her.

Mrs. Albert Kapple was a Chicago visitor last Friday.

Mr. and Mrs. Willard Ladewig returned last week from a vacation trip to N. Wisconsin.

Mr. Walter Schneider and Mr. Arthur Haley spent several days recently on a fishing trip in Minnesota.

Mrs. Minnie B. Phillips is visiting relatives at Harvey, Ill.

Mrs. Mary Makert went to Chicago on Friday to spend the week with her daughter and family there.

Mr. and Mrs. Traver Ellis and family of Belvidere, Ill. were guests of B. J. Hooper and Edward Langbein families over the week end.

The committees who were in charge of the first annual carnival at East Shore Gardens on Fox Lake wish to thank all who helped so

much to make the carnival such a success, and they will be able to make some much needed improvements.

Mr. and Mrs. Clarence Blumen-schein were called to Plum City, Wis. early last week by the death of a relative, so they attended the funeral services and returned on Tuesday.

Capt. Wesley Blumenschein of U. S. Marines, who has been traveling in the interests of the Marines during the summer, visited his parents here a short time last week. His wife Louise and son Jon who have been living in St. Paul, Minn. joined him on Saturday and they left immediately for Washington, D. C. where he will be stationed for some time.

Mrs. C. Willey of Cedar Crest

*than any other car in America today!*

## 1. 180 V-8 HORSEPOWER

Even on non-premium grade fuel, built-in  
"Mechanical Octanes" enable the mighty  
new Chrysler FirePower engine to develop  
the most power, give the quickest respon-  
siveness in emergencies, of all modern pas-  
senger car engines!

## 2. POWER STEERING

For the first time in an American car,  
Chrysler brings you Hydraguide\* power  
steering. Hydraulic power does four-fifths  
of the work... gives your hand on the  
wheel many times more steering control in  
ruts, over bumps or soft shoulders!

## 3. POWER BRAKING

Another Chrysler engineering "first" uses  
power from the engine to apply the brakes  
at the touch of your toe. Reduces pedal  
pressure required for fast, smooth stops by  
as much as two-thirds of that otherwise  
needed!

## 4. ORIFLOW RIDE CONTROL

Chrysler's revolutionary new type shock  
absorbers have over twice the power of  
other types, to keep your car steady and  
stable on rough roads. Driver and passen-  
gers sit comfortably as has never been pos-  
sible in any car till now!

# SOCIETY EVENTS

## Mae Louise Setek Becomes Bride of Charles R. Atwood

St. Ignatius Episcopal church was the scene of the September 8 marriage of Miss Mae Louise Setek, daughter of Mr. and Mrs. William Setek, 304 Park Avenue. Her marriage to Charles Raymond Atwood, son of Mr. and Mrs. Charles A. Atwood, Channel Lake rd., was officiated over by the Rev. F. A. Dixon of Vincennes, Indiana, uncle of the groom.

Mae who was given in marriage by her father at the double ring service wore a gown of white slipper satin with lace bodice, long tapering sleeves. A fingertip veil fell from a Juliet cap. She carried a bouquet of orchids, carnations, stephanotis.

Attending the bride as matron of honor was Mrs. William Rosback, St. Paul, Minnesota, aunt of the bride. Bridesmaids were Misses Eleanor Horton, Antioch and Donna Mesmer, Salem, Wis. The matron of honor wore a gown of white French marquisette over peagreen taffeta, her flowers were pink roses. The bridesmaids wore gowns of gold satin and shrimp satin with matching head-dresses, their flowers were roses.

Harold Atwood served as his brother's best man, James Atwood, brother of the groom and William Setek, brother of the bride served as ushers.

Both Mr. and Mrs. Atwood are graduates of the Antioch Township high school. They are both employed in Antioch, Mrs. Atwood at the National Tea Company store and Mr. Atwood at Pickard Inc. They expect to make their home at Lake Catherine.

## METHODIST CHURCH WILL RESUME ITS REGULAR SERVICES

Following a period of three summer months during which two Sunday morning services were held each Sunday morning, the Methodist church of Antioch will return to its fall and winter schedule Sunday morning. Church school, with classes for all ages will begin at 9:30. At the 11 o'clock service Sunday morning there will be a nursery for small tots to enable parents to attend. Miss Irene Wolf will be the soloist. She will sing, "The Gate of Life." The Rev. G. Richard Tuttle will use as his sermon topic, "Discovering God's Will." By special action of the Official Board an offering for flood stricken churches of the Kansas area will be received at the morning service.

## W. S. C. S. TO HOLD MEETING WED.

The Women's Society of the Methodist church will hold a social meeting and salad luncheon Wednesday, September 19 at 1:30 o'clock at the church. Special honor will be paid to new members of the society. There will be special music given by Mrs. R. C. Edmundson and her daughter Carmen. Mrs. W. C. Petty will speak on "Symbolism and Art of Churches." Devotions will be given by Miss Alice Smith.

**Legion and Auxiliary To Install**  
Antioch Legion Post and its Auxiliary Unit will hold their installation of officers on Saturday, Sept. 15 at 8 p.m. in the Legion Home. Installing officers for the Legion will be the Officers of the Tenth District. Mrs. Chas. Prizer, with Mrs. Mary Carney and Mrs. Walter Hills will install the Auxiliary Officers.

Oscar I. Onstead will be the new Commander of the Post and Mrs. Edward Jahnke will serve as president of the Unit for the coming year.

**Delegates Attend State Convention**  
Mrs. Harold Ellis, Mrs. Edw. Jahnke, and Mrs. Floyd Horton, delegates from Antioch Legion Auxiliary Unit were in attendance at the State Legion Convention held in the Palmer House, Chicago, Sept. 6 to 9. Mrs. Horton, Veterans Craft chairman of Antioch Unit received an award for being second high in Veterans Craft sales in the state of Ill. having sold articles to the amount of \$3,078.97. This money is paid to the disabled veterans who have made the articles sold which their only means of livelihood.

A delegation from Antioch V.F.W. Auxiliary attended the fifth district meeting held at McHenry, Sunday, Sept. 9. Those attending were Mesdames Lydia Edwards, Lillian Swanson, Myra Randall, Ollie Hall and Pearl Anderson. On Monday evening the district president Mrs. Jessie Koppen was a guest of Sequoit Auxiliary.

Visitors at the Henry Mau home over the week end were Mr. and Mrs. Glenn Holdridge and daughter Marcia, DeKalb, Mr. and Mrs. Fred Hardt and Mrs. Stang of Bellwood; Mrs. Jack Sims and niece Corinne Foster of Chicago, Mrs. Peter Zalatoris and Mrs. William Thompson both of Lake Marle.

L. C. Ross spent Tuesday with his niece Mrs. Jean MacArthur, at her home in Chicago. Mrs. MacArthur is convalescing at her home following a major operation at the Deaconess hospital, recently.

## Party for VonHolwedes Monday to Be Farewell For Music Instructor

A farewell party will be given by the public schools of Antioch at 8 p. m. Monday at the grade school honoring Hans Von Holwede his wife, Ruth, and daughter Hilda. Mr. Von Holwede has resigned as teacher of music in the Antioch Township High school and the Antioch Grade school, a position he has held for 22 years, to become associated with the Hammond Organ Co.

Mr. Von Holwede was scheduled to give a piano concert dedicating the new grand piano at the grade school at the Parent Teacher association Monday evening and the organization will prevail upon him to continue his plan.

Also attending the party will be the Antioch High School social club, faculties and school boards of both schools.

An invitation is extended by those in charge to all friends of the Holwedes and former students who number in the many hundreds.

After the program refreshments will be served.

The party is regarded as the opening meeting of the season for the P.T.A. and all parents of children in the grade school as well as the high school have been urged to attend.

## WOMEN OF MOOSE HOLD MEETING

Women of the Moose Chapter 735, met at the Moose hall Wednesday evening for a regular meeting. Luncheon was served following the meeting by Mrs. Annette Steiber and her committee. The next meeting will be held Sept. 20, there will be initiation of three new members at this meeting.

## CELEBRATES FIFTEENTH WEDDING ANNIVERSARY

Mr. and Mrs. Jack Steiber, Felter's Subdivision, Lake Catherine, celebrated their fifteenth wedding anniversary at their home Tuesday, September fifteenth. Among the many congratulations which they received was a cable-gram from Mrs. Steiber's brother, Major Richard H. Maerz of Germany.

## PLAN KICK-OFF BANQUET

Plans were underway this week for the annual Kick-Off Banquet of the Methodist Youth Fellowship. The Banquet which will be served by the Official Board of the church will be held next Thursday, September 20 at 6:30 in the basement of the church. There will be a program, games and a speaker. Young People from the 6th grade through post-high are invited to attend.

## Ericksen-Kiefer Engagement Announced

Mr. and Mrs. Paul A. Ericksen of Antioch announce the engagement of their daughter, Louise Shirley to Roy Kiefer, son of Mrs. Marie Yopp of Antioch. The wedding is planned for next spring.

## Koppens Have New Son

A son was born Sunday to Mr. and Mrs. Jacques Koppen of Petite Lake rd. Rte. 1. at Victory Memorial hospital in Waukegan.

## Interest Increases in Pet Dog Parade to be Held Sunday, Sept. 30

Interest in the Pet Dog parade which will be held Sunday, Sept. 30 has been increasing as the day of the contest approaches, the Antioch Milling Co., Purina dealer who is sponsoring the event, announced this week.

"Since we announced the Pet Dog Parade last week," the firm said, "the youngsters have been coming into the mill for entry blanks and have been asking all kind of questions about the contest. We hope every boy and girl in this community who has a pet dog will enter the Parade and contest."

The top prize will be a beautiful loving cup, in addition to fifteen other dandy prizes, they added.

Dogs will be judged in these groups:

The Dog with the Longest Tail; The Dog with the Shortest Tail; The Best Boy-and-Dog Entry; The Best Girl-and-Dog Entry; the Best Looking Pup; The Ugliest Dog; the Oldest Dog; the Smallest Dog; the Dog with the Most Spots; the Dog with the Biggest Single Spot; the Dog with the Longest Ears; the Dog with the Best Tricks; the Dog with the Cleverest Costume; the Most Obedient Dog and the Best Dog in the Parade.

Entries will close Friday, Sept. 28.

## Business Classes Large

Heavy enrollment in business education and industrial arts is noted at the Antioch Township High School by Principal R. C. Edmundson.

One hundred and fifty are enrolled in the typing courses and 170 in industrial education such as metal and electrical crafts. Whereas only four are enrolled in second year shorthand, 31 are taking the beginners course indicating a big increase next year in advanced shorthand.

Are Surgical Patients  
Mrs. Clare O'Brien, became a sur-

gical patient at St. Therese hospital, and Myrus Nelson, 1504 Victoria st. a surgical patient at Victory Memorial hospital in Waukegan Sunday.

**Mrs. Chapman Injured**  
Mrs. Richard Chapman, Indian Point, fell while in Woodstock last Friday, breaking a hip. She is now in the Woodstock hospital where she will be cared for until she is able to return home in a few weeks.

**Good Invitation**  
Place cards at a Mt. Vernon, Ia., restaurant carry the message: We invite you to say grace if you wish.

# "I took the Blindfold Test

-that new Dodge Oriflow Ride sure opened my eyes!"

Says DANIEL F. HOWARD, JR., of New York City: "The Blindfold Test convinced me! The new Dodge Oriflow Ride really levels out the worst kind of bumps and ruts," continues Mr. Howard. "No ride has ever been so smooth."

Come in! Try it!

FEEL HOW NEW ORIFLOW RIDE MAKES  
ROUGHEST ROADS BOULEVARD-SMOOTH!

Here's something new and wonderful in riding smoothness you notice from the very start!

Blindfolded you ride over a bumpy road. You're told the ruts are there - but you don't feel them!

Come in the pitch, bounce and far you experience in other cars as the new Dodge Oriflow Ride levels out the rough spots. And with

blindfold off you'll be amazed you traveled over such bumps and chuckholes.

Words alone can't tell it all! That's why we invite you to take this daring "Blindfold Test" today.

You could pay up to \$1,000 more for a car and still not get all the extra roominess, ease of handling, famous Dodge dependability!

The big, dependable  
**DODGE**

Drive it 5 minutes...and you'll drive it for years!

## SHORT STORY

### Different Language

By Richard H. Wilkinson

SHORTLY BEFORE noon on the day the Garrisons left Laredo for Mexico City, their motor went dead. Mrs. Garrison was greatly disturbed. "Of all places!" she said, "to have this happen. I declare, you should have had the car looked at in Laredo."

"I did," said Mr. Garrison. His voice was muffled because his head was beneath the hood. But Mrs. Garrison was paying no attention anyhow. She was gazing about the wild, rugged, treeless

country in which they had stopped, as if expecting Pancho Villa and a horde of vicious looking henchmen to rise up from behind a rock. Five horsemen suddenly appeared outlined against the sky on the crest of a nearby hill.

Mrs. Garrison let out a squeak of fright. Into her mind there flashed stories of the roving bands of outlaws that inhabited the hills of Mexico.

Mr. Garrison lifted a grease-be-smear face and stared at the horsemen. Then he looked at his wife and saw that her cheeks were white. "Rubbish!" he said. "No need to be scared."

The horsemen were coming down the hill. Mrs. Garrison had a wild impulse to flee. She could see the leader of the quintet and his appearance confirmed her fears. Just as the stories had said, he was dark and handsome and oily.

The leader of the group doffed his hat and said something in Spanish that neither of the Garrisons understood. They regarded each other with frightened looks. One of the henchmen dismounted and proceeded to examine the car.

"They're wondering if it's worth anything," Mrs. Garrison said.

"It isn't," Mr. Garrison told her.

There followed a rapid jargon of speech between the riders. Presently two of them uncoiled ropes and attached the ends to the automobile's bumper. It was quite evident that they planned to tow the thing away, and the Garrisons were congratulating themselves on escaping with their lives, when the leader signed to them to enter the vehicle.

Mrs. Garrison shrieked and clung to her husband. "They're going to kidnap us. Oh, Lord, have mercy!"

Mr. Garrison was more practical. "I doubt if they harm us if we do what they say. If we don't—they might cut off our ears."

Thus having set his wife's mind at rest, he preceded her into the car and sat behind the wheel.

AN HOUR LATER they turned into a side road and presently the car stopped before a great rambling ranch house.

The prisoners were ordered to alight. A wizened, copper-colored Mexican unloaded their handbags and led them inside and to a bedroom.

"Not bad for a kidnaper's hide-out," Mr. Garrison commented.

"It will probably take every cent we have to pay the ransom. They think we're rich."

Some one knocked at their door and they both started. But it was

"My father," she said in perfect English, "regrets that he does not speak your language."

the same wizened servant. He beckoned to them and they followed him out and along the corridor and into a dining room. The leader of the kidnappers was waiting for them. The Garrisons were hungry and so they ate. By the time the meal was finished all hands felt pretty easy.

Footsteps sounded on the porch, and a young girl entered. At sight of the Garrisons, she hesitated, but their host greeted her warmly, and beckoned her to him. There followed a jargon of speech between the man and girl. The girl's face suddenly lighted and she looked at the Garrisons.

"My father," she said in perfect English, "regrets that he does not speak your language. But he trusts you have been made comfortable and will stay with him a few days. He has many American friends and whenever the chance offers he likes to extend them the hospitality of his home. He tells me that your car has been repaired and is waiting."

Mr. and Mrs. Garrison looked at each other. Mrs. Garrison said: "Oh, my! Just imagine! Do let's stay, Henry."

And Henry said: "O.K." And for no accountable reason he grinned and felt tenderly of his ears.

Miss Daisy Hull (center) is shown while under question last week by Chief Deputy Sheriff Stanley Christian (left) and State's Attorney Robert Nelson regarding her operation of Kendall hall at North ave. and Trevor rd. near this village. She was charged in 15 counts with contributing to the delinquency of 15 children and operating without license a boarding home. The children were said to have been kept in filthy condition with very little food.

Photo courtesy Waukegan News-Sun

Children kept at the Kendall Hall boarding home as they appeared the day after Miss Hull, 75, operator of the home was arrested by Lake county authorities for contributing to their delinquency. Before the picture was taken the children were cleaned up by new employees who appeared on the job. Some of the children were taken away by the parents when they learned of the filthy conditions at the place on North ave. Miss Hull is out of jail on bond after it was reduced from \$10,000 to \$5,000 yesterday. Her hearing is set for Oct. 4.

## HEALTH HINTS

### for LIVESTOCK

PREPARED BY AMERICAN FOUNDATION FOR ANIMAL HEALTH

#### POSSIBLE TO RID HERD OF MASTITIS

Veterinarians say that a good half of the problems arising in dairy herds today are due to mastitis.

Yet, research has shown that a mastitis-free herd is within the range of any farmer. A sound mastitis control program comprises two parts:

Treating mastitis by udder injection method.

1. Proper management. 2. Treatment. Correct management is more important than treatment, because it helps PREVENT most mastitis cases.

Here are some common causes of

#### Improve Working Conditions

To an office which looks crowded, planned painting can bring a sense of spaciousness. Light colors, which make the most of the natural light that falls upon them, and velvety, flat finishes that reflect light evenly, without glare can actually increase efficiency.

#### Strip Film Attachment

An attachment for 16 mm. projectors that enables strip film to be shown without loss of light or the danger of overheating the film has been introduced. The attachment, called "Unoscope," fits the lens opening of most 16 mm. silent projectors. Then, instead of projecting the film over the regular film track, the strip is wound on the Unoscope by a hand-operated feed knob. Separate shots can be held indefinitely.

mastitis: Teat and udder injuries; housing cows in too-small stalls; failure to milk the cow dry; using too high a vacuum on the milker; inadequate bedding; and chilling of the udder.

Other factors may also be involved. To get to the bottom of the trouble, it is advised that the dairyman and his veterinarian conduct a careful herd survey. This will show up damaged udders, type of infection present, and form the basis of a sound control program.

When the situation has been analyzed, the dairyman and the veterinarian can work out a sanitation routine that will prevent infection from spreading. This will include arrangement of the milking line to provide for infected animals or suspects to be milked last.

In the final phase of the program, with the danger of reinfection greatly reduced, treatment can be instituted with good prospects of success.

But here again, great care must be used. Udder infections and other treatments should be regarded as delicate operations. They should be performed only by a person with special training and skill in their use. Remember, mastitis cannot be controlled by treatment alone. Good management must accompany good treatment.

#### Handy Andy

Tempered Presdwood may be used indoors or out. There are more than 1,600 known uses.

#### Counter-Balance

The President can veto laws enacted by Congress, and his veto can be overridden only by a two-thirds vote of each House.

#### Metropolitan Traffic

Traffic congestion climbs continually in 12 metropolitan areas of the U.S. Reason, says the Bureau of the Census, is that one-quarter of the nation's population now lives in metropolitan areas of Chicago, Los Angeles, Philadelphia, Detroit, Boston, San Francisco, Pittsburgh, St. Louis, Cleveland, Washington, and Baltimore.

## Uncle Sam Says

Armistice Day is, by custom, the day we remember our dead and the wars they have won. But this is also a time to think about living Americans too—and the struggle we all face today to keep those ideals of liberty and human dignity for which they gave so much. You can help make America strong by making yourself and your family stronger through the wise use of prosperity. A regular investment in U. S. Savings Bonds through the Payroll Savings Plan where you work will assure security for you and for your country. NOW LET'S ALL BUY BONDS! U. S. Treasury Department

## Towns and City Names

There's a town in West Virginia called Auto. The motor car is well represented in other post office listings of towns and cities having automotive names. Lincoln, with 23, leads and in close second is Plymouth with 19 and Hudson with 17. There are 8 DeSotos, 5 Dodges, 4 Fords, 4 Pontiacs, 3 Nashes, and there's a town for Chrysler (Ala.), Packard (Ky.), Chevrolet (Ky.), Cadillac (Mich.), Buick (Mo.), Kaiser (Mo.), and Mercury (Tex.). Which came first town or car—varies according to name.

## Families Getting Smaller

Families are getting smaller. The size of households has declined from 3.2 persons in 1940 to 3.0 persons in 1950.

The number of one-person and two-person households increased by 35 to 45 percent, respectively. The number of households of five or more persons declined relatively.

## Designation Changed

Changes in federal carcass grades for lamb, yearling mutton and mutton combine Prime and Choice grades under the name Prime. Good grade is now designated as Choice.

## Speed of Sound

Through dry air, at a temperature of 68F, sound travels with a speed of 1130 feet per second. The speed increases with temperature. At the freezing point of water, it is 1088 feet per second. As a rough value, you can take the speed as a mile in five seconds, and use this to determine distances.

## Cattle, Hog, Sheep....

(Continued from page 1)

er than a year ago owing to greater supplies. More hogs were marketed in August this year than in 1950. He predicted a 20 per cent span from the summer's high to the winter's low.

"The hog population is 106 million this year, the second largest in the history of the nation," he announced, but added "there is good money yet in hog raising."

Farm Adviser Ray T. Nicholas took opportunity to question the farmers present in prospects of their corn. In a show of hands, 18 said it would take at least 6 weeks for their corn to mature, and 9 said it would take 4 weeks. Others made no response.

"This would indicate," said Nicholas, "that three-fourths of the corn in Lake county will need six weeks more of good weather to be safe from frost."

Nicholas showed a movie "Chicago Stock Yards U.S.A." a film prepared by the Chicago Stock Yards Transit Co. showing the processing of livestock for market.

## UPHOLSTERING

Put new life in your worn out furniture. Prices are advancing. I have materials bought before the raise. Estimates and samples on request.

### MILLBURN

Rev. L. H. Messersmith has chosen the subject "The Importance of Good Citizenship" for his sermon at the 11 o'clock worship service Sunday, Sept. 16. Sunday school will convene at 9:45.

Young people enrolled in the freshman class at High School are invited to attend the Pilgrim Fellowship meeting at the church Sunday evening, Sept. 16. A special program is being planned by Sharon Weber and Norma Welch.

The Men's Club met at the church Monday evening. Plans were made for a potluck supper at the next meeting when the wives of members and others will be invited as guests. Program will consist of pictures.

Mr. and Mrs. Arthur Myers and son Halden spent Tuesday and Wednesday at the home of their son Gerald at Monroe Center, Ill.

The first meeting of the study project on Ethics and Economic Life for farmers of Millburn community will be held at the church Monday evening, Sept. 24. There will be a series of 6 or 8 meetings in the course.

Mr. and Mrs. Oscar Neahous are spending two weeks at the home of their daughter, Mrs. Tom Cosgrove at Elmhurst.

Mr. and Mrs. Walter Paulsen, L. C. Paulsen and Vernon Paulsen all of Maywood spent Sunday at the Wm. Paulsen home.

Mr. and Mrs. Frank Edwards spent Thursday evening at the Peter Tillich home at Bluff Lake.

Mr. and Mrs. Leslie Bonner attended the wedding of William D. Findlay Jr. and Miss Margene Gilen at the First Congregational Church in Western Springs, Saturday evening at 7:30 o'clock.

Mrs. L. H. Messersmith returned Sunday from Farnam, Nebraska and reports her mother Mrs. Ora

Davis is slowly improving after surgery on Aug. 31 in Memorial hospital, Gothenburg, Nebraska. Cards may be addressed to her there or at her home, Farnam, Nebraska. Mrs. Messersmith resumed her teaching Monday at Druce Lake School where she has the first 4 grades and Mrs. Laura Ferry has the 4 higher grades.

Mr. and Mrs. Frank DeYoung, Mr. and Mrs. Howard Bonner, Mr. and Mrs. Don Truax, Mr. and Mrs. Robert Denman, Mr. and Mrs. Milton Bauman and John Thain attended the reception following the wedding of Ray Shelling and Ellen Hamsing Saturday evening at the Swedish American Club in Kenosha. The Shelling family lived on Hobby Hill Farm for a few years before moving to Kenosha.

Mrs. Frank Hauser and son Glen were dinner guests at the Earl Horton home in Antioch Thursday evening in honor of Miss Eleanor Horton's birthday.

Rev. and Mrs. L. H. Messersmith are enjoying a television set installed last Friday as a gift from the Irving Park Y.M.C.A. in appreciation of the help he has given them the past few years at their camp on Hastings Lake.

Mr. and Mrs. Harold Yukel of Chicago spent Friday at the Strohal and Lucas home.

Harold Bonner, who has spent the summer as assistant veterinarian at Genoa, Ill. is now at the home of his parents, Mr. and Mrs. William Bonner, until he resumes his school work at East Lansing, Mich.

Harold Myers, who is stationed at Fort Leonard Wood, Missouri is enjoying 14 days furlough with his parents, Mr. and Mrs. Arthur Myers.

C. P. Weber returned Friday from Sidney, New York where he had spent several days in the interest of Johnson Motors. He made the trip by plane.

Alan Thain is spending 2 weeks vacation with his uncle and aunt, Mr. and Mrs. Ernest White and other friends in Somers, Kalspell and Rollins, Montana.

Mr. and Mrs. Clifford Weber and daughter of Winthrop Harbor were supper guests at the C. P. Weber home Sunday evening in honor of Diane's 7th birthday.

## Today's bride has special problems

**SHE** is facing the down-to-earth aspects of marriage including the management of household funds. Today especially, with a confused

economic picture facing newlyweds, it is important to be sure where the money goes, how much is left and to have legal receipts for payment of bills. A checking account provides all this and more: convenience.

**STATE BANK OF ANTIOCH**

Antioch, Ill.

**GAS cooks better!**

**PUBLIC SERVICE COMPANY  
OF NORTHERN ILLINOIS**

**Use Sparingly**  
Poultry manure is a good fertilizer but it is high-powered. J. O. Dutt, extension vegetable specialist of the Pennsylvania State College, warns that it must be used in small amounts in the garden. Because of its high nitrogen content, poultry manure stimulates plant growth and too much will cause spindling growth.

**Payment in Coins**  
It took a dealer four hours to count \$1,005 paid by a motorist for a used truck. The buyer had saved dimes, quarters, and half-dollars for four years and paid for the truck with them.

**Seed, Oil Exports**  
United States exports of cottonseed and cottonseed oil in 1950, in terms of oil, totaled 73,460 short tons. This was the largest volume since 1921 when shipments were approximately 126,490 tons, oil equivalent.

**Multi-Purpose Utility Drill**  
A new, lightweight utility drill kit, including a 14-inch drill steel and three assorted-size rock bits, a star drill adapter and 25 feet of air hose, has been placed on the market. The self-rotating pneumatic hammer drill weighs only 15 pounds, but can bore through concrete, brick or stone with standard drill steel, and by virtue of a stop-rotation feature can be converted to a lightweight chipping hammer or pick.

## TIRED OF DIGGING HOLES FOR FENCE POSTS?

Here's an easy way to get out of that work... to stop spending all that money. For fence repairs, make replacements with Koppers Pressure-Creosoted Posts — the posts that last for 30 years! Soon, you'll have a 100% pressure-creosoted post fence. Naturally, for new fencing, it pays to set only Koppers Posts, and forget about making replacements.

Koppers Posts, pressure-treated with creosote, are protected against termites and decay. They keep original size and strength at ground line; therefore, smaller treated posts can replace larger untreated posts. There are many other advantages. See us for fence posts.

# Best way to get a move on

Ask any GMC owner about hauling performance.

For when it comes to packing home a pay load — he's got a lot of solid experience.

He knows what the right kind of horsepower can do for trucking profits. Whether he powers his load with a gasoline pickup model — or requires one of the sensational new GM-Diesel "Million-Milers" — he's right in the driver's seat for performance unexcelled by any other carrier in its class.

But he's not just "riding an engine."

He'll tell you the way his GMC shoulders the load, year after year, is proof of perfect teamwork of axle, chassis and frame — truck-engineered to outlast anything on the roads today.

Want to profit by the same long-time benefits of GMC's truck-building experience? Let us recommend the right combination of hauling performance to fit your particular needs.

Your key to greater hauling profits

## Pedersen Bros. Implement Company

**HICKORY**

Mrs. Wm. Thompson returned home Sunday from the Kenosha hospital where she had been a surgical patient. Mrs. Wilbur Hunter is staying with her this week.

Miss Shirley Richards celebrated her sixteenth birthday on Sunday by having a party at her home.

Mrs. Grace Turnock of Milwaukee visited at the home of her sister, Mrs. Emmet King, last Thursday and Friday.

Mr. and Mrs. Bert Edwards and Doris visited the George Christofersons at Elmhurst, on Sunday.

Oscar Finkel is on a business trip east, including Detroit, Washington, and New York, for two weeks.

Sunday supper guests at the Emmet King home were the Wilson King family of Whitewater, and the Gay Lange family of Hebron.

On Thursday afternoon, Mrs. Tribbel and daughter, and Mrs. Julian, of Evanston, visited the Rudolph Novy home. Mr. Al Kobelusch of Westboro, Wis., was their guest Friday afternoon and evening. On Sunday the Novys visited relatives at Three Oaks, Mich. They were accompanied by a brother, Roger Lund.

The Hickory Mothers' Club met last Tuesday at the school. Hostesses were Mrs. Clarence Spiering and Mrs. Glenn Nettles.

**Literary Years**

The Good Earth was published in 1931. Tobacco Road was published in 1932, and dramatized in 1933.

**Allied Sciences**  
Astronomy and ballistics are twin sciences. There is a peculiar affinity between the motion of heavenly bodies and the less heavenly paths of projectiles. Many astronomers worked in ballistics laboratories during World War II.

**Cars and Coal**  
It takes about 250 pounds of coal to outfit a car with rubber tires and tubes.

**Clean Game Boards**  
Do sticky finger marks on game boards and wooden toys used by children cause you trouble? Clean, dry and then apply a thin coat or two of fresh shellac. Then a quick sweep with a damp cloth will clean the board or toy.

**New Locomotives**  
Class I railroads put 2,390 new locomotives in service in 1950, the largest number installed in any of the past 27 years.

**Art's Paint Store - Tel. 320****HERE'S A Pickup THAT WILL Stand Up**

If you could look ahead a few years there wouldn't be any doubt in your mind:—

International pickup trucks are your best pickup buy today for lower operating and maintenance costs, longer truck life.

Here's why!

Internationals give you extra stamina: you get the traditional truck stamina that has kept Internationals first in heavy-duty truck sales for 19 straight years.

Internationals give you extra economy: you get lower operating and maintenance costs because every International is all truck. The new Silver Diamond engine gives you the right balance of power, pep and economy.

You get the Comfo-Vision Cab, "roomiest on the road." You get full front visibility; more positive steering control.

But get all the facts. Come in, pick out your new International pickups—now!

## Fordomatic's sweeping the country

● There's absolutely nothing that can  
touch it! That's what folks say who  
have tried Fordomatic Drive. For it's  
the newest, finest, most flexible auto-  
matic transmission of all.

The result is automatic driving with  
trigger-quick getaway... surging  
passing power at your instant beck-  
and-call... safe engine braking downhill  
... and smooth-as-silk performance!

F.D.A.T.

CHOICE OF 3 GREAT DRIVES!

Only Ford, among all the low-priced cars, gives you  
a choice of three transmissions. You can get new  
Fordomatic, that combines the best features of  
earlier drives to give you the finest, most flexible  
automatic drive there is. And you can get free and  
easy Overdrive\* that not only saves your engine,  
but saves up to 15% on fuel! Or, if you prefer, you  
can get one of the smoothest, simplest, Conventional  
Drives there is.

\*Optional at extra cost. Fordomatic Drive avail-  
able on V-8 models only. Equipment, acces-  
sories and trim subject to change without notice.

THE SAFEST SELECTOR! Fordomatic's Semaphore Drive Selector is  
set up with "Neutral" in the center... separating forward and reverse  
positions, making it virtually mistake-proof. And selector positions  
are lighted in different colors for easier nighttime selection.

Come in and  
"Test Drive" a Ford

with Fordomatic Drive

## HEALTH HINTS for LIVESTOCK

## HOW TO PREVENT CHOLERA LOSSES

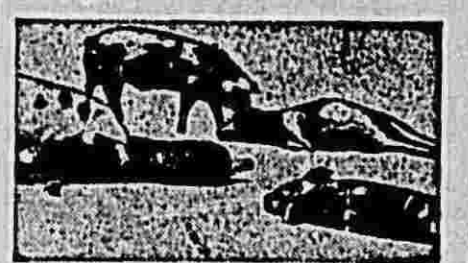

Hog cholera costs American swine producers at least 20,000,000 dollars a year, according to good authorities. Because the virus can be carried great distances in a great many different ways, it often strikes without warning. And once a hog or herd is infected, there is no cure.

Yet all this loss could be prevented if every hog raiser took advantage of a protective measure developed by veterinary scientists over 30 years ago.

This measure is vaccination by the double immunization method. The pig is inoculated simultaneously with both serum and virus. The resulting immunity from cholera usually lasts for the rest of the pig's life.

Authorities have pointed out a number of reasons why swine owners should have the vaccinating done by a veterinarian. It is important that the pigs be examined, first, to see if they are in good enough health to receive the vaccination without ill effects. Also, because a deadly virus

used in this treatment, many other special precautions are necessary; therefore these materials should be handled by a person who has the proper scientific skill and knowledge. And for a few weeks after vaccination, further precautions should be observed in the care and feeding of the pigs.

Typical hog cholera.

Proper vaccination costs only a small fraction of the cost of a single outbreak of deadly cholera. Ordinarily, the best time for vaccination is around weaning time. Pigs at that age are easy to handle, and require less serum to give them the desired protection.

## Wrestling

Big Humphrey, the colorful character out of the cartoon strips will meet "The Chest" Bernard in Fred Kohler's sixty minute main event Friday night in the Lake County Stadium, Round Lake Park. The match is to be a two out of three verdict.

Big Humphrey with his characteristic smile and good humor has been a sensation since coming to the midwest. The 270 pound red head who enters the ring attired in long johns and sweat shirt is a capable wrestler and is going after the heavyweight Championship.

The Chest with a sixty three inch chest expansion is a terrific wrestler. He has defeated the majority of his foes with a bear hug. He may find this impossible in facing Big Humphrey who is a tough one to handle.

The Big Humphrey-Chest clash will be a rough-house tangle with no holds barred by either wrestler. It is certain that the referee will have to caution both principals to stay within the rules. Big Humphrey is a genial character but can

get tough when the occasion requires.

Promoter Kohler has signed an all star card for this outstanding show, one of the top one's of the season. Bobby Managoff, favorite Chicago heavyweight meets the strong man George Dusette of Boston. Managoff who comes from a family of mat stars, is a versatile star. The dark haired windy city grappler is the son of a former famed wrestler. His sister is Kay Armen, famed songstress.

In a Tag bout on the show The Great Balbo, of the east is paired with Don Lewin, handsome Buffalo grappler against George Bruckman, of Washington and Zack Malkov, of Chicago. The latter pair are rugged and methodical with a thorough knowledge of wrestling. Malkov is a veteran of the old school of grappling and his full nelson is as feared among opponents as is the full nelson of George Dusette.

Fans who like wrestling under the stars will like the cozy Lake County Stadium.
